Note: The execution of the works may vary depending on the weather.

**WORK METHODOLOGY:**

- 1.- Hedge pruning, (*Ficus microcarpa*), according to the established order.
- 2.- Mowing and shaping of the lawn, at the same time, any waste generated during the hedge pruning is removed.
- 3.- Aeration (pricking out) of the grass meadows.
- 4.- Insecticide treatment against *Macromotoma gladiata* in previously pruned hedges of *Ficus microcarpa*.

**NOTE:** In the next few weeks an order of scarifying and reseeded will be established for each garden (private and communal), if the work described above has been carried out satisfactorily.
