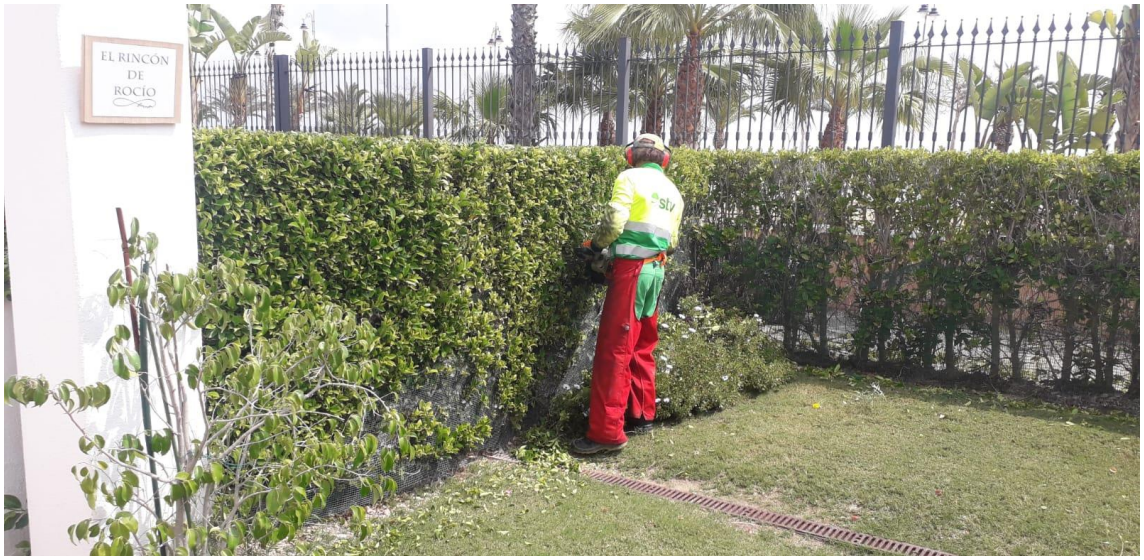
SUMMARY

During this week, lawn mowing has been carried out in Naranjos 6, 7, 8, as well as in Villas Jana, in La Isla common áreas, in Jardín 1 and in external landscapes. In Jardín 2 it has not been possible to finish this week.

On the other hand, the hedge trimming has been completed in Jardín 13 prima, Naranjos 1 and 2 while in Naranjos 3 it has not been possible to finish this week.



A fungicidal treatment has been carried out in La Isla and Penthouses planters and an insecticidal treatment has been started against psila in the hedges of Jardín 11. In addition, treatment against mosquito on lake has been carried out.

Also routine maintenance of swimming pools, reviews of the irrigation system and have geraniums pruning has been carried out.

Also the fertilization of the ficus hedges of La Isla has been carried out together with the manual weeds removal both in the rockeries of La Isla and in the outer ring.

EXTRAS

From STV Gestión we have joined the fight against COVID-19 by carrying out disinfection treatments in the mailbox areas of La Isla, Jardines and Naranjos, in the Playgrounds in Jardines, Naranjos and La Isla, as well as in the fitness machines and tables on La Isla.
