SUMMARY

During this week, lawn mowing has been carried out in Jardín 7, 8, 9, 10, 11, 12, 13 and 13 prime as well as in Jardines road and in external landscapes.

On the other hand, this week it has not been possible to finish the hedge trimming in Penthouses (road and planters).

Regarding phytosanitary treatments, the treatment against red palm weevil has been continued, the treatment against mosquito has been carried out on La Isla lake, and herbicidal treatments have been realized in Jardín 4, Jardín 10 and in external landscapes.

Also routine maintenance of swimming pools has been carried out, irrigation system reviews have been carried out and alignment tree pruning has been completed in the Jardines area along with other big trees located in Jardín 1 and Jardín 13 prime.

In addition, the Municipal Park maintenance has been carried out, mowing the lawn and spraying with herbicide.
